

Change a life High Five Tour 2012

The 2012 Change a Life Cycle Tour returns home for an epic journey that will take the Change a Life cyclists through the rugged terrain and pristine landscapes of the Waterberg.

Aptly named the High Five Tour, the fifth Change a Life tour promises the greatest challenge yet, with five days of cycling over 555 kilometres of undulating roads and through bushveld. Cyclists, riding alongside sporting hero Martin Dreyer and renowned presenter Gerald de Kock, will climb 5 000 metres during the course of the tour and may even encounter South Africa's Big Five en route.

Participants who have come to appreciate the challenge and adventure of the Change a Life Cycle Tour will be accommodated at the luxury Legends Hotel with its legendary golf course designed by champions, and will experience dramatic twists, unrivalled in the history of the event. Of course, the highlight of this annual event which is supported by South African business leaders is the opportunity it creates to transform the lives of hundreds of beneficiaries of the Mike Thomson Change a Life Trust.
